Principal

To the class of 1961:

Nearly everyone gets much enjoyment in his adult life, from reminiscing about his school days - dates, games, friendship, parties. I feel sure that this yearbook, which has come into existence through your own careful planning and hard work, will give you many hours of pleasure as you leaf through it, page by page, with old friends, your children, and perhaps, your grandchildren.

My congratulations on a job well done.
